A REVISED RHYME.

Mary had a country coon,
Whose wool was short and kinky;
His eyes were like balls of chalk
And his complexion inky.
He followed her to town one day,
And fell in with kindred chaps;
Soon they had his hard-earned cash--
And he knew a lot of "craps."

Manager Chas. Scott, of the Lexington opera house, who has recently given his patrons those superb New York attractions "Zaza" and "More Than Queen," will have that famous play "The Christian" for a matinee and night performance on Saturday, March 3d. There will no doubt be a large crowd of Paris people go up to see this great play.

One hundred or more Parisians have subscribed for season books for the engagement of the Andrews Opera Company at the Grand, Friday and Saturday nights and Saturday matinee. This is assurance that the engagement will be an important society event, and that a handsome audience will attend the performance. Flotow's beautiful opera "Martha" will be sung Friday night, and Bizet's tuneful opera "Carmen," in which Calve has made such a great success, will be sung Saturday night. "The Pirates of Penzance" will be given at the Saturday matinee. The company is a well-balanced organization, complete in every detail, carrying the principal musicians of the orchestra, and headed by Miss Myrta French, prima-donna-soprano, who by her artistic work has gained the sobriquet of the legitimate follower of Emma Abbott. The Andrews Company consists of thirty-five people, and its leading members are of well-known repute in the field of opera. No better assurance of their capabilities is needed than was attested by the successful run they had in Philadelphia. In the matter of accessories and appropriate costumes they are equipped most generously.

The sale of seats for subscribers only will begin this morning at Borland's, and the regular sale will begin to-morrow morning.

NEPTIAL KNOTS

Engagements, Announcements And Solennizations Of The Marriage Vows.

Thos. Morris, son Hon. W. A. Morris, of Mt. Olivet, and brother of Dan Morris, of this city, was married in Mt. Olivet last week to Miss Minnie Sparks, aged eighteen. The bride's life has been full of adventures. When she was a child her parents separated, the mother and daughter going West. When they returned to Kentucky the child was kidnapped in daylight from church by the father, but the mother afterward gained possession of the child. The father then brought suit to regain his daughter and kept her almost a prisoner at his home until she was seventeen. A year ago she again went to live with her mother. The father was present at the marriage and gave the daughter away, the mother opposing the wedding on account of the youth of both parties.

Henry Fossett, of this city, an employe of the L. & N., was married in Covington Thursday to Miss Jessie Hawk, of that city. They will spend a few days in Falmouth with the groom's brother, Thos. Fossett, before coming to Paris to reside.

Vaccination.

It appearing to me by representation of Dr. Bowen, the Health Officer of Bourbon County, that there is a necessity that all persons in the county should be vaccinated, I hereby authorize and empower the physicians of their respective precincts to vaccinate all persons who are unable to procure vaccination. The physicians shall furnish to me as Judge of said County, a true list, under oath, of the persons vaccinated by them, with the charges thereof, no to exceed twenty-five cents for each successful vaccination. All cities and towns in the county having Councilmen or Trustees do not come under this notice, as it is especially their duty to make proper provisions under Sec. 4611 of Kentucky Statutes. Every good citizen is interested in observing and assisting in the enforcement of this notice. I hope no further steps will become necessary. I am, respectfully,

BEFORE THE HOUSE.

Special Committee to Investigate the Roberts Case Makes a Report.

Majority Says That He Should Be Expelled at Once—Minority Favors His Being Sworn In and Then Ousted.

Washington, Jan. 21.—The reports of the special committee of investigation in the case of Brigham H. Roberts, of Utah, were presented to the house Saturday. It said:

"The committee is unanimous in its belief that Mr. Roberts ought not to remain a member of the house of representatives. A majority are of the opinion that he ought not to be permitted to become a member; that the house has the right to exclude him. A minority are of the opinion that the proper course of procedure is to permit him to be sworn in and then expel him by a two-thirds vote under the constitutional provision providing for expulsion."

"Your committee desires to assert with the utmost positiveness at this point that not only is the proposition of expulsion as applied to this case without a precedent, but that exclusion is entirely in accord with principle, authority and legislative exactness which the house of representatives has ever taken."

"For convenience we present herewith, before proceeding to extended argument in support of the committee's resolution the following summary."

"Upon the facts stated, the majority of the committee assert that the claimant ought not to be permitted to take a seat in the house of representatives, and that the seat to which he was elected ought to be declared vacant."

"The minority, on the other hand, assert that he ought to be sworn in in order that if happily two-thirds vote therefore he may be expelled."

"Three distinct grounds of disqualification are asserted against Roberts: 'First—By reason of his violation of the Edmunds law.

"Second—By reason of his notorious and defiant violation of the laws of the land, of the decisions of the supreme court and of the proclamations of the president, holding himself above the law and not amenable to it.

"No government could possibly exist in the face of such practices. He is in open war against the laws and institutions of the country, whose congress he seeks to enter. Such an idea is intolerable. It is upon the principle asserted on this ground that all cases of exclusion have been based."

"Three—His election as representative is an explicit and offensive violation of the understanding by which Utah was admitted as a state."

"The objection is made to the refusal to admit Roberts that the constitution excludes the idea that any objection can be made to his coming in if he is 25 years of age, has been seven years a citizen of the United States, and was an inhabitant of Utah when elected, no matter how odious or treasonable or criminal may have been his life and practices. To this we reply:

"First—That the language of the constitutional provision, the history of its framing in the constitutional convention, and its context clearly show that it can not be construed to prevent disqualification for crime."

"Second—That the overwhelming authority of text book writers on the constitution is to the effect that such disqualification may be imposed by the house, and no commentator on the constitution specifically denies it."

"The courts of several of the states, in construing analogous provisions have, with practical unanimity, declared against such narrow construction of such constitutional provisions."

"Fourth—The house of representatives has never denied that it had the right to exclude a member-elect even when he had the three constitutional provisions."

"Fifth—In many instances it has distinctly asserted its right so to do in cases of disloyalty and crime."

"Sixth—It passed, in 1862, the test oath act, which imposed a real and substantial disqualification for membership in congress, disqualifying hundreds of thousands of American citizens. This law remained in force for 20 years, and thousands of members of congress were compelled to take the oath if required."

"Seventh—The house, in 1869, adopted a general rule of order, providing that no person should be sworn in as a member against whom the objection was made that he was not entitled to take the test oath, and if upon investigation such fact appeared, he was to be permanently debarred from entrance."

"Eighth—The interesting proposition is made that the claimant be sworn in and then turned out. Upon the theory that the purpose is to permanently part company with Mr. Roberts this is a dubious proceeding. Such action requires the vote of two-thirds of the members."

Duke of Teck Dead.

London, Jan. 22.—His Highness Francis Paul Charles Louis Alexander, duke of Teck, who in 1866 married Princess Mary Adelaide, daughter of Prince Adolphus Frederick, duke of Cambridge, seventh son of King George III, died at White Lodge, Richmond Park, in his 63d year.

London, Jan. 22.—The remains of John Ruskin, in accordance with a wish he expressed years ago, will be interred in Coniston church yard. The funeral will take place on Thursday.

EARTHQUAKE IN MEXICO.

It Was First Felt Along the Pacific Coast, and Traveled Across the Country Eastward.

Colima, Mex., Jan. 22.—An earthquake shock began here at a quarter before midnight Friday and assumed serious proportions at Tenimata, many houses being badly injured and some of light construction wrecked. There was great consternation and people rushed into the streets, some barely escaping with their lives. Seven people were killed outright and 60 were wounded and are being cared for by the local surgeons.

It was reported that the volcano had burst into eruption but it now appears that the phenomenon was confined to subterranean manifestations. Local scientific men believe that the earthquake traveled from under the Pacific ocean and that when news reaches here from the coast there will be interesting details.

The governor of this state has appointed a commission to inspect the churches and public edifices, while owners of houses injured in the earthquake will be compelled to put them in condition of security. Quiet has returned.

Guadalajara, Mex., Jan. 22.—At midnight Friday an earthquake shock cracked the arches and porticos of the state palace and porticos of the university and the Degaltado theater, the latter one of the most massive structures here. The church of San Francisco and San Jose were damaged. The government has closed Sagrario church, fearing the dome will fall in. Carmen barracks was badly damaged and news from Zapolan and Sarula state that several houses were demolished. The shock was felt severely at San Blas, on the Pacific, and noises underground were heard resembling the hoarse rumbling of a heavy sea dashing on shore. Meteorologist Contreras predicts a repetition of the shocks.

DANISH WEST INDIES.

The State Department Will Not Resume Negotiations for Their Acquisition at Present.

Washington, Jan. 21.—The department of state will not take up, at present, the suggestion that negotiations be resumed with Denmark for the acquisition of the Danish West Indies. Talk about negotiations is said to be premature, warranted only by the fact that certain business men in New York regard as desirable that Denmark be again approached on the subject.

No opportunity will be afforded to anybody who aspires to carry on negotiations for the purpose of enjoying a commission from the sale.

It is felt quite safe to leave the islands in Denmark's hands, as no foreign power would undertake to secure them without the approval of the United States. It is known that the islands are a burden to Denmark, but it is also felt that congress would not just yet sanction the purchase of them.

RECEIPTS IN CUBA.

The Total for the Year 1899 Was \$15,217,497—For the Month of December, \$1,733,221.

Washington, Jan. 22.—The war department gave out the statement Saturday that the total receipts for the entire island of Cuba for the month of December were \$1,733,221.

The total receipts for the entire island for the calendar year ending December 31, 1899, by items, were: Customs, \$14,072,114; internal revenue, \$577,283; postal receipts from July 1, 1899, to December 31, 1899, \$94,514; miscellaneous receipts from July 1, 1899, to December 31, 1899, \$293,384; total receipts, \$15,217,497.42.

WEBSTER DAVIS' MISSION.

Britishers Believe That He Has a Special Object in Visiting the Transvaal Just at This Time.

Lourenço Marques, Jan. 22.—Webster Davis, United States assistant secretary of the interior, arrived here on his way to Pretoria and called upon the governor-general, Capt. Chicago, Jan. 21.—General Manager Brown, of the Pullman Co., denies the report that the palace car organization has decided to reduce the salaries of its conductors and porters.

FOUGHT ENTIRE DAY.

Gen. Warren's Forces Engage the Enemy at Spearman's Camp.

Boers Driven From Their Position: By the Heavy Fire of the English Batteries—Lord Roberts Advancing.

London, Jan. 22.—The war office received three different dispatches from Gen. Buller, all dated at Spearman's camp. The first one was sent at 6:55 a. m., and said:

"In order to relieve the pressure on Gen. Warren and to ascertain the strength of the enemy in the position in front of Potgieters drift, Gen. Lytton made a reconnaissance in force yesterday. This kept the enemy in their trenches in full force all day. Our casualties—3d battalion Kings Royal Rifles, two killed, 12 wounded, two missing."

The second dispatch was dated at 10 a. m., and was as follows:

"The following were wounded in the action near Venters Spruit yesterday: Officers—Staff, Col. B. Hamilton and Maj. C. McGregor; Second Lancashire Fusiliers, Capt. R. T. Blunt and Second Lieut. M. G. Crofton and E. J. M. Barrett; First Border Rifles, Capt. C. D. Vaughan and Second Lieut. Murrie; First York and Lancashire, Second Lieut. Keirsey; Second Dublin Fusiliers, Capt. C. A. Hensley (since dead), and Maj. F. English; Second Gordons, Second Lieut. P. D. Stewart, and 279 non-commissioned officers and men."

The third and last one was sent at 9 p. m., and said:

"Gen. Warren has been engaged all day, chiefly on his left, which he has swung forward about a couple of miles. The ground is very difficult, and as the fighting is all the time uphill, it is difficult to say exactly how much we have gained, but I think we are making substantial progress."

Durban, Jan. 22.—The Natal Advertiser has the following from Spearman's Camp, dated Saturday:

"Gen. Warren's column attacked a lengthy Boer position on the northern ridge of Spion. A heavy bombardment by a field battery, preceded the advance. The Boers eventually replied with two guns, several machine guns and rifles. The British responded similarly, and long range firing became general, lasting until dark."

"Gen. Hildyard drew the Boers from a splendid position simultaneously by a demonstration on their frontal position, drawing a feeble fire from their Nordenfeldt's and rifles. The British naval guns and howitzers shelled the trenches with excellent effect, and many Boers were observed bolting. The British artillery completely silenced the Boer fire, and at night fall the British infantry occupied an excellent advanced position."

London, Jan. 22.—A third supplementary list of the British casualties in the attack upon Ladysmith on January 6, was published by the war office. It shows 28 non-commissioned officers and men killed and five seriously wounded. This brings the total of casualties in that engagement to 488.

Lourenço Marques, Jan. 22.—A dispatch from Gaborones, undated, says: "Col. Plumer has worked down this far toward Mafeking with three armored trains and a relieving force. The bridge is being rebuilt, so that he may proceed."

London, Jan. 22.—The war office has received the following from Lord Roberts, dated Cape Town, January 21: "Gen. French reports a demonstration with cavalry and two guns toward Hebron on Friday, but that otherwise his situation is unchanged."

Spearman's Camp, Jan. 22.—Gen. Warren's engagement continues. He has forced the enemy from three positions. The Lancashire and Irish brigades are advancing steadily. The fire is very severe occasionally."

Cape Town, Jan. 20.—The American hospital ship Maine, from the West India docks, London, December 23, has arrived here.

Mafeking, Jan. 6, by runner to Moclendi, Jan. 14, via Lourenço Marques, Jan. 21.—"We concentrated our artillery, consisting of a seven-pounder, a Nordenfeldt, and one little old ship gun, on January 3, embracing during the darkness, so as to bear on the enemy's big siege gun. We carefully concealed the guns until the next afternoon, when after the enemy had fired a couple of shells, we let loose all our pieces, firing and loading as fast as possible."

"One of our shots must have thrown the enemy's siege gun out of position, for it ceased firing. With glasses we could see the Boers rapidly reinforcing that point."

"The next day they moved back their guns 700 yards. They employed a five-pounder and proceeded to drop shells regularly into Market square."

"We have made up our minds to stick it out and have food for another three months. The whole garrison is enraged at the enemy for firing upon the women's laager."

Ex-Chief of Chicago Police Dead.

Chicago, Jan. 22.—Capt. Frederick Ebersold, former chief of the Chicago police department, is dead. He was at the head of the police department during the turbulent days of 1886, when the bomb was hurled in Haymarket square that killed and wounded scores of policemen.

Attacks a Pack Train.

Washington, Jan. 21.—Gen. Otis Saturday reports the ambushing of a pack train in Laguna province by the insurgents and the killing of two men, wounding of five and nine missing.

PRO-BOER MEETING.

A Large Mass Meeting at the Auditorium in Washington Adopts a Series of Resolutions.

Washington, Jan. 22.—The Grand opera house, the largest auditorium in Washington, was packed to the doors with an enthusiastic audience which vigorously expressed its sympathy with the Boers in their fight with Great Britain. The demonstration was planned as a means of evidencing public sentiment and in numbers and enthusiasm was fully up to expectations. The speakers included members of both branches of congress and on the stage were other public men who came merely to add their moral support. The keynote of the speeches was that the Boers were fighting for their independence as our forefathers had done in 1776. The gathering assembled under the auspices of the United Irish societies, and a number of leading Germans of the city joined in the movement.

Congressman Sulzer presided and after his speech introduced Senator Mason, of Illinois, who delivered the principal speech. Other speakers were Congressman Bailey, of Texas; Senator Allen, of Nebraska; Congressman Clark, of Missouri; De Armond, of Missouri; Cochran, of Missouri; Rhea, of Kentucky; Lentz, of Ohio, and Mr. Van Sicken, of New York.

A number of letters and telegrams were received, including one from Senator Hale, of Maine, expressing regret at inability to be present and entire sympathy with the movement. The following resolutions were adopted:

"Whereas, The American people still cherish the lessons and memories of 1776 and therefore fully understand and realize the rapacious war which Great Britain is waging against a small but patriotic people, whose misfortune is the possession of natural wealth coveted by British greed."

"Whereas, In the prosecution of this robber warfare Great Britain has been balked as yet of her tyrannous designs, and has therefore resorted to unlawful and barbarous war tactics, as is her wont, to wit:

"1. The arming and mobilizing of savages."

"2. The distribution of dum dum bullets to her soldiery, coupled with the boast that the British government possesses 100,000,000 such missiles."

"3. The illegal seizure of merchandise en route from the neutral ports of the United States to friendly Portuguese markets."

"Whereas, The president of the United States has not taken proper notice of these outrages, making it necessary for the people at large to express their will through public assemblages and serious warnings;

"Therefore, The citizens of the American capital, in mass meeting assembled, have

"Resolved, That the people of the Orange Free State and the South African Republic, are and of right ought to be free and independent, and their civilization is recognized to be equal in morality to that of any other people, the false witness of the British press to the contrary notwithstanding. Therefore the precipitation upon them of savage foes in alliance with trained soldiery threatens the repetition of the horrors of Wyoming, Fort Dearborn and other places, bitterly remembered by the American people as ruthless instances of British perfidy and dishonor. The attention of the president of the United States is respectfully directed to this feature which is notorious matter of common repute throughout the world."

"Resolved, That this meeting in concert with the American people throughout the land sends its sympathy and good will and heartfelt encouragement to the Boers and reminds them that as we triumphed against the same foe, so may they."

"Resolved, That we beseech and strenuously urge the president of the United States to exercise the prerogative vested in him by the peace convention lately arranged by the powers of the civilized world. We beg him to offer his good offices as a mediator between the Boers and the British for the deliverance of these unfortunate Englishmen and their families, now being punished for the crime of a brigand cabal of gold grabbers and land hungry conspirators, not one of whom is at the forefront of battle."

"Resolved, That we solemnly protest against the shipment of munitions of war from this country for the use of Great Britain."

NEEDED THE SOAP.

The Amiability of Women Shoppers in a Bargain Store Rush Is Truly Fetching.

It was at a department store bargain counter for odds and ends. Women squeezed and elbowed and shoved to get alongside the counter. Frequently two of them happened to pick up the same bargain at one and the same time, and then they both retained their elixir on it and looked daggers at each other until the stronger of the two won the victory or the bargain was rent into ribbons.

A haughty matron with an electric seal coat picked up a box containing three cakes of imported soap for eight cents at the same moment that an humble-looking little woman in a faded tan coat had fastened her grasp on the box.

"I believe I was the first to take hold of this," said the matron in the electric seal coat, freely.

The humble-looking little woman held on for a minute, studying her antagonist, then she slowly relaxed her hold on the box.

"Well, you can have it," she said, amiably. "You look as if you need the soap."

The bargain counter is the place to observe how they love one another—Washington Post.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. "Perhaps," he replied, "but I have never looked the matter up."

"Of course you are a lineal descendant of some one who came over in the Mayflower?"

"I don't know. It is possible that I am, but I have never hunted up the records."

"Well," she went on, "you are descended from an officer of the revolutionary war, aren't you?"

Finding himself cornered he broke down and confessed.

"My father's name was Szecherskendowski, which he changed to Davis with the sanction of the court."

She sat for a moment, almost crushed. Then hope seemed to return to her and she asked:

"How much did you say you expected your father to leave you?"

"I figure that my share of the estate will be about \$2,000,000," he said.

"All right," she answered briskly, "we can worry about the lineage and still be happy, dear."—Chicago Times-Herald.

MINERS WILL STRIKE

Forty Thousand Men in the Anthracite Region Want Better Wages.

They Have No Hope for a Conference With the Operators Because the Latter Refuse to Recognize Them or Their Demands.

Indianapolis, Ind., Jan. 19.—News has reached here that about 40,000 miners in the anthracite district of Pennsylvania, near Scranton and Shamokin, who have been in a restless state for some time, have decided to strike. Delegate T. D. Flays, of the Ninth district, with headquarters at Scranton, Pa., says a strike is unavoidable as the men have been waiting for some time and entertain a bitter feeling toward the operators who have refused to recognize them. They have nothing to expect from this convention they say, as none of the operators from that field will be present at the joint conference to be held here next week.

Miles Daugherty, president of the First district, which adjoins the Ninth, says that the miners in the First will follow those in the Ninth, which means the calling out of all of the men in the anthracite district in Pennsylvania. It is said here as none of the mine operators of the anthracite coal regions of Pennsylvania have ever attended a conference with the United Mine Workers of America, there is no just reason to be given for the men to hold off any longer.

Testimony has been given for a long time, said Mr. Flays, and I have been doing my best to avoid it. For weeks and months the men have been clamoring for vigorous action toward enforcing a demand for higher wages. I have been holding them off and when I left for the convention there had been repeated conferences and full determination to strike had been arrived at. I asked the men to hold off till after the convention but my advice of a private nature lead me to believe the men will wait no longer but will go out this week unless their demands are met. About 40,000 men will be affected.

FOR INDEPENDENCE.

The Ruler of the Yaqui Indians Issues a Proclamation to the American People.

El Paso, Tex., Jan. 19.—The Indians of Sonora, the only race in all Mexico that was able to survive the Spanish invasion and preserve its individuality, are making their last stand against the Mexican government. Thus far it seems the Mexican soldiers have been found inadequate to cope with the Yaquis.

A proclamation has been issued by the ruler of the Yaqui nation, addressed to the American people, and its contents follow:

The Yaqui nation has begun its struggle for independence. It will no longer tolerate the Mexican army in Sonora. The nation has established a provisional government, the officers of which are at Basilepe. In the event of the success of the Yaqui people over the Mexicans, no foreigners except native born Americans will be allowed in Sonora for several years. The property and persons of Americans in Sonora will be protected by the Yaquis in every way.

Russian Ironclad Ashore.

St. Petersburg, Jan. 19.—The Russian ironclad Poltava, of 10,000 tons, is dangerously ashore near Libau, on the Baltic. The Poltava was built at St. Petersburg in 1894. She is 367 feet 6 inches long and 59 feet wide, and has a depth of 26 feet. Her indicated horsepower is 11,235. Her armament consists of four 12-inch guns, 12 5.9-inch, quick-fire guns, and 24 smaller guns. She also has six torpedo tubes. The cost of her construction was \$3,490,000.

Murders in the Klondike.

Seattle, Wash., Jan. 19.—Passengers arriving from Dawson via Skagway, on the City of Topeka, confirm the report of the murder of Fred H. Clayton, the Skagway merchant, a Northwest police telegraph lineman named Olsen and two Klondikers whose names are unknown, near Minto, on Christmas day. A man named O'Brien is now under arrest at Taggart, charged with the crime. Another has been arrested at White Horse and a third escaped to Seattle. The men were murdered for their money.

Could Reform Cuban Abuses.

Havana, Jan. 19.—Senator Llanza, who was secretary of justice in the advisory cabinet of Gen. Brooke, said: "Three American and three Cuban lawyers, acting as a commission, could reform certain abuses in Cuban laws without injuring the general consistency of the system, and the whole country would gain by such a reformation. This work of reform is only a question of time, as the abuses must be swept away."

Bartender Shot by Robbers.

Leadville, Col., Jan. 19.—At an early hour today two masked men held up Golob's saloon on Harrison avenue. Jerry Ryan, the bartender, refused to throw up his hands and was shot twice by one of the robbers, dying instantly. The robbers fled.

Paterson Day Recovered.

Paterson, N. J., Jan. 19.—Mrs. M. J. Patterson, aged 80 years, the only daughter of President Andrew Jackson, who has been seriously ill here, is slightly improved. Chances for recovery are favorable.

ELECTED OFFICERS.

Miners Re-Elect Their President and Secretary Unanimously, the Opponents Withdrawing.

Indianapolis, Ind., Jan. 20.—When the miners were preparing to vote for officers the candidates for president and secretary withdrew and moved that President Mitchell and Secretary Pearce be re-elected by acclamation. It was done with a whoop.

Three hours was then devoted to balloting for the other officers. The race for vice president is between W. D. Van Horn, Thomas H. Lewis, of Ohio, and John P. Reese, of Iowa. The result has not yet been announced.

A resolution was submitted to the committee on resolutions by a western delegate expressing sympathy for the Boers. This resolution will come before the convention later and, it is expected, will precipitate a vigorous discussion. Many of those who are natives of England, while others are natives of countries not familiar with the English.

A proposition to request all local to incorporate under state laws was killed, as was a resolution to appropriate \$30,000 for the employment of organizers. A resolution providing that organizers should be selected by the district in which they were to work was voted down. It was offered by Delegate Hayes, of the anthracite regions of Pennsylvania, and President Mitchell expressed surprise that such a resolution should come from a region which had locals of 500 and even 600 members which were paying on but 200 members. This region, he said, had received more money than it had paid into the national treasury.

President Van Horn, of Indiana, was summoned to Hazelton, in the southern part of the state, by the information that a conference was to be held between the operators and the 100 members who have been on a strike since last May.

President Mitchell wired for information as to the exact situation in the anthracite regions of Pennsylvania and received a wire stating that a letter containing full information was on the way.

Members of the wage scale say that on account of the diversity of demands by the different states, it will be very difficult to formulate a report and this can not possibly be done before some time next week.

WAR WAS CONDEMNED.

Sensational Speech on the Transvaal War Made in the Senate by Mr. Hale, of Maine.

Washington, Jan. 20.—A speech, sensational in its interest and international in its importance, was delivered in the senate by Mr. Hale (rep., Me.). The occasion of the utterance was the simple question whether a resolution introduced by Mr. Allen (pop., Neb.) calling for information as the recognition by this country of diplomatic representation of the Transvaal republic should be directed to the president or to the secretary of state. Mr. Hale made the question the text of an impassioned speech in which he declared that nine-tenths of the American people sympathized with the Boers in their gallant struggle for liberty against one of the greatest powers in the world.

He declared that "The war which Great Britain is waging is the most fell blow at human liberty that has been struck in the century." He denied that the American people were "in sympathy with Great Britain in the South African war to stamp out the liberty of a people," and when Mr. Balfour, in the house of commons, made such a statement, "He should be met with some disclaimer from this side of the Atlantic." He declared that the English people themselves were not in favor of the war which "had been brought on by a sharp cabinet minister engaged with gold speculators."

Mr. Hale spoke with unusual force, decisiveness and earnestness, even for him, and his passionate eloquence claimed the closest attention of every auditor.

The resolution which previous to Mr. Hale's speech had caused a sharp colloquy between Mr. Allen and Mr. Spooner (rep., Wis.), was passed finally as amended.

Mr. Morgan (dem., Ala.), addressed the senate briefly on the financial bill.

Miss Morrison's Lecture Venture.

Bristol, Tenn., Jan. 20.—The request of Julia Morrison, slayer of actor Frank Leiden, for a date to lecture in Bristol has been turned down by the manager of the Harpelling opera house. "It would be a disgrace," said Manager Cannon, "to countenance such a thing."

The woman continues to meet with poor encouragement in her lecture venture.

GEN. OTIS' REPORT.

He Informs the War Department of Military Affairs in the Philippines—Several Skirmishes.

Washington, Jan. 20.—The war department Friday received the following cablegram from Gen. Otis:

Manila, Jan. 19.—Hughes reports from San Jose de Buena Vista, western coast Panay, that he crossed the mountains northwesterly direction San Joaquin, southern Panay, 17th; struck enemy crossing Antique river, capturing rifles, cannon and Nordenfeldt, pursued insurgents through Antique Egana and Sibalom, their capital, and marched to San Jose; casualties, one wounded, enemy lost considerable; entire population fled to the mountains; heat oppressive.

MacArthur reports 17th instant that 35 rifles surrendered at Floda Blanca; that at Manibang, McRae, 3d infantry, captured three insurgent officers, wife of Gen. Macoscaro, considerable insurgent property, and liberated three Spanish prisoners; that at Galang, captured ten insurgents, burned seven tons of rice and insurgent barracks; that Sullivan, of 34th infantry, near San Jose, surprised insurgent force, captured six rifles and considerable live stock; that Lieut. Houle, 3d infantry, captured near Malolos one officer, 25 men and six rifles; that Van Horn, 17th infantry, struck Ladrones at Santa Cruz, killed 17, wounded five captured 13 and nine rifles; MacArthur reports 18th instant strong mounted position west Mababacat occupied by Gen. Hizon and 50 men captured yesterday by McRae, 3d infantry; enemy left lieutenant and four dead men in trenches; McRae captured captain, one man, 130 rifles, several thousand rounds of ammunition, deserted arsenal, quantity of rice, casualties, one man wounded; Bates reports that Schwan's column cavalry fighting at Batangas to move eastward on 19th; infantry now moving that direction, enemy retiring, suffering loss in men and property, our casualties few, mostly slight wounds; that portion Wheaton's troops will enter Lemery and Tal tomorrow, now meeting opposition in mountains, which impedes march. Six officers, 54 enlisted men, four civil employees, 11 friars, all Spanish prisoners, released by Schwan, arrived from Batangas last evening, nearly two hundred arrived Manila day before via Calamba; Young et Vigan reports number of successful skirmishes in mountains with remnant insurgent organization and robber bands, with slight casualties among his troops; Kobbe expedition, Randolph light battery, 43d and 47th infantry, conveyed by naval vessels Helena and Nashville, sailed for Albany province and Satai and Loyte islands yesterday.

RUSSIA AND JAPAN.

A Sanguinary Struggle About to Begin Which Will Settle the Supremacy in Korea.

Washington, Jan. 20.—An interview with Lieut. Romanoff, of the Imperial Russian navy, in Chicago, in which he predicted war between Russia and Japan, is confirmed by private letters from Japan, written within a month. These letters describe the situation prevailing in Japan, which is one of intense anxiety and national preparation.

Great precautions have been observed in Japan to prevent her plans of preparation from becoming public. The government of the United States has been officially advised by her own agents in Japan of the preparations, but such matters are not given out when received. The situation in Japan described in letters received through official channels is one of busy preparation. The Japanese fleet was being mobilized, all leaves to Japanese soldiers denied and they are kept at their posts, while a call for volunteers was said to be imminent. The difficulty grows out of the contest between Russia and Japan for supremacy in Korea.

HE USED AN AX.

Martin Bergen, Catcher for the Boston Last Season, Killed His Family and Himself.

North Dromfield, Mass., Jan. 20.—Martin Bergen, the catcher of the Boston baseball team of the national league, killed his wife and two children, and committed suicide at his home here Friday. An ax was the implement used in taking the life of Mrs. Bergen and one of the children, while a razor was employed to cut the throat of the other child, a little girl, and of the man himself.

It is thought the action was due to insanity. It has long been suspected that Bergen was a victim of mental derangement. In fact, some of his actions in connection with his baseball managers last season led to the supposition at that time.

The affair was discovered by the neighbors, who found the body of Bergen and the girl lying on the kitchen floor. Further investigation showed that Mrs. Bergen and the little boy also had been killed. Their bodies lay upon a bed in the chamber. Bergen was 35 years old.

Only a Case of Smallpox.

Victoria, B. C., Jan. 20.—The steamship Monmouthshire has been here. Disinfecting the vessel that signaled to Casmanah Point on Vancouver island that she had smallpox aboard. This was thought to be a case of bubonic plague, but it proves to have been only a case of smallpox.

The Legislature.

The Legislature met yesterday with a large attendance. The Berry-Vanmeter contest, from Fayette, comes up to-day.

The Legislature was in session but a short time Saturday morning.

The House has voted to allow more time for hearing of evidence by contest committees.

The Curfew Ordinance.

THE NEWS prints the Curfew coupon for the last time to-day, as the petition will be presented to the City Council at the next meeting of that body. The petition has been signed by a large number of representative citizens of Paris who heartily endorse the movement. If you favor the Curfew ordinance, which will be of untold benefit to the children of Paris, cut out the coupon and send it at once to THE NEWS office so that your name may be added to the petition.

If the parents only knew the wickedness that their children have learned and will learn from being permitted to run the streets at night every father and every mother in Paris would be only too glad to give the movement their heartiest endorsement. In the work of gathering items the writer has learned news of some of the Paris children which is appalling and makes one shudder at the future of those children.

Col. Alexander Hoagland, known as "The Father of the Curfew," writes as follows:

The ordinance grows hourly in importance. The mothers of the great State of New York have organized a State Curfew Association. Mrs. Anna M. Hart, State Superintendent of Curfew Law, writes me from Hornellsville, N. Y., that local unions are being formed all over the State, and many towns are adopting the ordinance. I earnestly pray that the women of every State in the Union will follow the example of the mothers in the State of New York. The Hon. Charles R. Skinner, State Superintendent of Public Instruction for New York, is giving the movement his hearty co-operation. Would that the State officials in every State in the Union join hands with those of New York and once this is done we shall enter upon a career of child-saving and home-building, devoutly prayed for by American mothers for half a century, and in the eyes of all the world add to our claim as a nation that protects its homes and fire-sides with the same fidelity that the members of fraternal orders protect the children of sick or deceased members.

The New York World, Thrice-a-Week Edition. Almost a Daily—At the Price of a Weekly.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the Presidential campaign now at hand you can not do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily.

Every week each subscriber receives 18 pages and a bonus during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand a lone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—the New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequalled paper and THE BOURBON NEWS together one year for \$2.50.

The regular subscription price of the two papers is \$3.

SPEAKER HENDERSON has assigned Congressman June Gayle to a place on the committee on Public Buildings and Grounds. This is an honor that rarely falls to a new member. Mr. Gayle is popular in the House and is being warmly congratulated by many members. This appointment will be an advantage to Mr. Gayle in getting his bills for public buildings in Paris and Georgetown through Congress.

Engagement Broken Off.

A girl in Montgomery broke her engagement with one of the wealthiest young men in the county, because he had indigestion so bad he was a menace to her happiness and no good to himself. What a relief just one bottle of Dr. Caldwell's Syrup Pepsin would have been to that man, and what a boon it is to-day to many a household, where it keeps all the family in a state of health that warrants true love, confidence and happiness in the home. tion Commissioner for Johnson county,
was in the city yesterday, and called on
THE NEWS. Mr. Mayo has been in
Frankfort for a week or more, and was
talking to Col. Colson in the Capital
Hotel when the Colson-Scott tragedy be-
gan. Mr. Mayo was a student at Ken-
tucky Wesleyan College at Middlesboro
some years ago and is known to many
citizens of Bourbon.

Parisians Saw Julia Arthur.

Julia Arthur's production of "More
Than Queen" in Lexington Thursday
and Friday nights was the most elabo-
rate dramatic event ever seen in Lex-
ington. Miss Arthur's acting was be-
yond criticism and the six superb gowns
which she wore were marvelously beau-
tiful. The play was handsomely staged
with three car loads of scenery and
properties. The company passed through
Paris Saturday morning en route for
Chicago. Among the Parisians who saw
"More Than Queen" were: Mrs. Fan-
nabelle Sutherland, Mrs. Corne Watson,
Mrs. Rion Dow, Mrs. Annabine Blake-
more, Misses Kate Alexander, Alice
Spears, Mary Webb Gass, Emily
Cooke, (Charleston, Va.) Susie Cline,
Nannie Brashear, Margaret Roche, Jes-
sie Kriener, Tillie Toolen, Ettavieve
Foote, Mrs. Charles Foote, Messrs. Albert
Hinton, G. W. Clay, James Chambers,
Buckner Woodford, Jr., Walter Champ
and Eldred Dudley.

Smallpox In Bourbon.

Health Officer Dr. John Bowen yester-
day reported to Judge Purnell that two
cases of smallpox had developed at the
home of J. H. Linville, two miles from
Middlesboro. Several weeks ago Lin-
ville's son and daughter visited in a Rob-
ertson county home where there was
smallpox, and when they came back to
Bourbon the Linville home was quaran-
tined and guarded. The children have
since developed cases of smallpox.

Health Officer Bowen will go to Mil-
lerville this morning to have the town
trustees enforce vaccination in that
town.

Mayor Perry yesterday told THE
News that action regarding vaccination
would be taken by the Paris City Coun-
cil at its regular meeting Thursday
night.

The law regarding vaccination is very
strict, and should be enforced.

Judge Purnell has caused a smallpox
warning to be printed and has done
what he could to warn the citizens to
protect themselves.

Dr. Bowen says that vaccination is a
sure preventative.

The Gazette has unjustly censured the
City Board of Health, composed of Dr.
Silas Evans, chairman, W. A. Parker,
Sr., and J. W. Davis, for not taking
action in the matter. This board has
no jurisdiction outside of the city limits.

Present Bought Yesterday.

A committee of ladies, representing
the congregation of the Paris Christian
Church, yesterday bought from A. J.
Winters & Co. a handsome silver service
to present to Elder J. S. Sweeney, late
pastor of that church. The service is
handsome in design and consists of a
pitcher, goblet, one dozen tea spoons,
one dozen dessert spoons, one dozen
dessert forks, and one-half dozen table
spoons. The service is now being ex-
hibited and will be on exhibition in its
oaken case this afternoon in A. J.
Winters & Co.'s show window.

Miss Emma Reame, a Cincinnati elec-
tionist, and Miss Ollie Robertson, pian-
ist, of Carlisle. The child selling the
most tickets will be given \$2.50 in gold.

RUBBER tires add much to the ease
and comfort in riding and makes the
vehicle last longer. Jas. S. Wilson is
prepared to furnish any vehicle with the
best rubber tires. (tf)

Collision In East Paris.

Friday afternoon two vehicles, one
driven by Mrs. Butler, nee Jordan, and
the other driven by two colored women,
collided in front of the gas works in
East Paris. One of the colored women
was hurt by being kicked in the face by
the horse which they were driving, and
Mrs. Butler was injured by being
thrown out on the road.

Elder Darsie Accepts.

Elder Lloyd Darsie, of Buffalo, N. Y.,
has accepted the call to become the
pastor of the Paris Christian Church. He
writes that he has tendered his resig-
nation to his congregation in Buffalo, but
that they are making efforts to induce
him to remain. It is not yet known just
when Elder Darsie will come to Paris,
but he is expected to arrive at an early
date.

Actors Called Home.

Harry Stanley, leading comedian of
the Murray Comedy Company, was
called to Chicago Friday by a telegram
announcing the death of his father. He
will join the company this week at
Knoxville.

Ros Smith, manager of the Murray
company, received a telegram Saturday
night announcing the dangerous illness
his father at Indianapolis, and left for
that city Sunday morning.

The company left Sunday night for
Knoxville, Tennessee, where it began a
week's engagement last night.

Bourbon, who is wanted at Lexington
for alleged complicity in the murder of
Eugene Cassell, was run over by a train
at Bowling Green, losing both of his
legs. He denies any connection with the
crime. The doctors say that he will die
of his injuries. Milton and Charles
Kendall will be taken, under heavy
guard, to Nicholasville this week for
trial.

Sermons For Young Men.

REV. F. W. EBERHARDT, of the Baptist
Church, began a series of five sermons to
young men Sunday night at the Baptist
Church, preaching an excellent dis-
course from the subject "The Young
Man and His God." The sermon next Sun-
day night will be "The Young Man and
His Home Life," and the other sub-
jects will be "The Young Man and His
Companions," and "The Young Man
and His Pleasures." Everybody is
invited—the young men especially—to
hear these discourses.

STOCK AND TURF NEWS.

Sales and Transfers of Stock, Crop, Etc.
Turf Notes.

A Garrard county farmer has lost
seven mules from a disease called
paralytic indigestion.

Phil T. Chien will have a stable of
two-year-old fillies on the turf this year.
He has bought from J. R. Keene the
racing qualities of eleven fillies by Trou-
badour, Chorister, St. Saviour and St.
Leonards. He will ship them to
Latonia.

Bonta Bros., Mercer county, sold
thirteen work mules to a Lexington
man, at \$95 to \$90.

R. L. Hubble, Capt. T. A. Elkin and
J. C. Eubanks, all of Lincoln county,
sold 100 cotton mules in Atlanta, Ga., at
from \$75 to \$87.50.

Among the Bourbon county tobacco
sales in Cincinnati last week were: J.
W. Thomas, Jr., received the highest
price of the year for a hoghead of new
tobacco, securing \$30.25 per hundred
pounds, and sold eight other hogheads
at \$17.50 to \$10; Ferguson & Eldridge
sold eight at \$8.70 to \$6.45; R. S.
Darnaby three at \$9.10, \$8.95 and \$7;
T. Knox three at \$7, \$6.95 \$6.05; Rash
& Nolin three at \$9.90, \$8.60, \$6.67;
W. L. Davis ten at \$12.75 to \$10; D. T.
Wilson twelve at \$16.75 to \$11; B. F.
Congleton, Nicholas, five at \$15.75 to
\$8.95.

A firm has been organized at Mt.
Sterling for the purpose of breeding
hackney horses for the Eastern mar-
ket, where, it is reported, some hack-
neys bring fabulous prices.

The Sentinel-Democrat says the Con-
tinental Tobacco Company has bought
almost 600,000 pounds of the 1899 crop
of tobacco in Montgomery county up to
the present time.

John P. Games, of Mt. Sterling, killed
a 19-month-old Jersey hog, wt. 605
pounds, had been fed only 105 days and
yielded 56 gallons of lard.

J. J. Redmond sold to Winchester
parties 4,000 lbs. of tobacco at nine cts.
straight; G. W. Rash sold to same par-
ties 13,000 lbs., at 84 cts. straight; Giff
& Dennis to same party, 7,000 lbs., at
eight and five cts.

R. P. Barnett & Son have sold to D.
W. Peed twelve thousand pounds of
tobacco at seven cents per pound.

W. L. Davis has bought a two-acre
crop of tobacco from George A. Hill, of
Centerville, for a tifle over \$145 per
acre.

The Tobacco Fair at Maysville Satur-
day was a splendid success, and was
well attended. The classes were all well
filled and the \$300 in premiums was
paid in gold. The samples were sold at
auction, D. W. Peed of this city, get-
ting the bright, leaf at \$21 per hundred,
the red at \$22 and the lugs at \$26. There
were 102 samples of red, 125 of bright
and 48 samples of lugs. Maysville has
already announced another fair to be
held next January.

If you cannot read this small print at a distance of 14 inches your
eyesight is failing and should have immediate attention:

Imperial spectacles and eyeglasses have perfect lenses, always perfectly centred and
made of purest material, set in frames of the highest elasticity and consequently of greatest
durability, united with the utmost lightness and elegance. When both frames and lenses
are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they
are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them.
You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without
any glasses than with either of these defects. Buy Imperial spectacles of a reliable, skillful
dealer, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit
our store on the second and last Thursdays of each month and invite
all to call and have their eyes examined, for which there is no
charge. Satisfaction guaranteed or money refunded.

Next visit—Thursday, January 52, 1900. Hello, 170.

FISH AT \$200 A POUND.

The "Celestial Telescope" and Its Surprisingly Optimistic Manner and Habits.

The ordinary housekeeper, who would consider 25 cents a pound an excessive price to pay for fish, may be more than contented by the knowledge that some kinds of fish are sold here which would bring hundreds of dollars if valued by the pound.

One of these fish is now shown in an uptown aquarium store. It is called the "Celestial Telescope," and though less than four inches long is priced at \$12, without accessories. A four-inch fish weighs a trifle less than an ounce. At \$12 an ounce, then, these fish would be worth \$192 a pound, which is probably the highest price charged for any kind of fish in New York.

"The celestial telescope" is a fancy variety of goldfish, and gets its name from its enormous goggle eyes, which are set nearly or quite on the top of its head. It exemplifies perfectly, in fact, Edward Everett Hale's advice to "look up and not down." Most fish whose eyes are thus situated, the angler or the flounder, for example, are inclined to hug the bottom closely, and thus avoid the possibility of any unseen danger from below; this one, however, has never outgrown the free-swimming habits of its ancestor, the common goldfish, and generally keeps near the surface of the water. In this position it can see practically nothing except floating objects, and it often misses the most tempting morsels if they happen to be floating below it.

Besides its extraordinary eyes, the fish possesses most of the other peculiarities sought after by the fish fanciers. In fact, it is the most "fancy" fish produced, and is intended to differ as much as possible from the natural goldfish. It has an enormous double "fan-tail," so fine and dainty as to be almost useless for swimming purposes; an extra large size of scales, and a color varied by irregular patches of black, none of which features are natural attributes of a goldfish.—X. Y. Post.

STRANGE PROPHECIES.

Molay, the Grand Master of the Templars, and Others Predicted Truly.

Clement V. and Philip, procured the condemnation of Molay, the grand master of the templars, to the stake. As he was led to execution Molay cited his persecutors to appear before God's throne, the king within 40 weeks and the pope within 40 days. Within those respective times both died. Rienzi, the last of the tribunes, condemned to death Fra Moriale. When he had pronounced the sentence the culprit summoned the judge to meet death himself within the month, and within the month Rienzi was assassinated.

In 1575 Nanning Koppzeon, a Roman Catholic, tortured to death during the religious strife in the Netherlands, recanted his extorted confession when on the way to the scaffold. A clergyman, Jurian Epesoon, tried to drown his voice by clamorous prayer. The victim summoned him to meet him within three days at the bar of God, and Epesoon went home and died within that time. While at the stake Wishart openly denounced Cardinal Beaton: "He shall be brought low, even to the ground, before the trees which have supplied these fagots have shed their leaves." The trees were but in the bravery of their May foliage when the bleeding body of the cardinal was hung by his murderers over the battlements of St. Andrews.—Chambers' Journal.

Apparatus for Teaching Geology.

Strange to say, there are few pieces of apparatus which can be obtained in the world to-day which will assist in teaching geology. One of the most interesting we have seen was designed by Prof. G. A. Lebour, of Durham College of Science, Newcastle-on-Tyne, and which was published in Nature. The machine is for making folds of rock, and as may be readily understood, a large number of fold forms of rocks can be reproduced, and their consequences, such as thrusts, faults, etc., can be demonstrated.—Scientific American.

The Craving for Stimulants.

This question has lately attracted a great deal of attention from the medical profession. The use of stimulants seems to be increasing. This clearly shows an exhausted condition of the nerves and blood, which may be remedied only by strengthening the stomach. Hostetter's Stomach Bitters will do this for you. It brings all the energy of a stimulant with no injurious effect. It cures dyspepsia, constipation and nervousness.

Something for Mothers to Think About.

EVERY CHILD born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp, and blood, becomes an object of the most tender solicitude, not only because of its suffering but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest, and the most effective treatment available.

That the Cuticura remedies are all that could be desired for the alleviation of the suffering of skin-tortured infants and children and the comfort of worn-out worried mothers has been demonstrated in countless homes in every land. Their absolute safety, purity, and sweetness, instantaneous and grateful relief, speedy cure, and great economy leave nothing more to be desired by anxious parents. Evidence is found in the mass of letters received from grateful parents, testifying to the incalculable benefits they have derived from the use of these preparations in the treatment of infantile skin and scalp disorders. There is a ring of truth and sincerity about the testimonials here submitted that stamps them genuine, and when a mother writes, as does Mrs. E. Butler of 1289 Third Avenue, Brooklyn, N. Y., in simple, grateful language, of the good Cuticura has accomplished in her home, parents everywhere must regard those remedies as household necessities.—Mrs. Butler says:—

"My oldest boy, age nine years, was troubled with sores on different parts of the body, especially on the leg, about twenty-four in all. They were about the size of a five-cent piece, and would bleed very much and make him very sore. I was very anxious to get him better, but I did not know what to do with him. He cried all the time and his face was equal to a raw piece of meat. It was horrible, and looked as if there never was any skin on it. I had to carry him around on a pillow. I was fairly discouraged. I was then recommended to use CUTICURA remedies. The first time I used them I could see the change. I used about half a box of CUTICURA Ointment, and not one half cake of CUTICURA SOAP, and at the end of one short week my baby was entirely cured. There has never been a trace of it since. To-day his skin is as smooth and soft as a piece of silk."

What can be more convincing to a mother than the following graphic letter from Mrs. J. C. Freese of 300 South First Street, Brooklyn, N. Y.:—
"My baby was about four weeks old when he began to suffer from that terrible disease, eczema. I tried every remedy I thought would do him good. I even called in the doctor, but he used his medicine to no purpose. I did not know what to do with him. He cried all the time and his face was equal to a raw piece of meat. It was horrible, and looked as if there never was any skin on it. I had to carry him around on a pillow. I was fairly discouraged. I was then recommended to use CUTICURA remedies. The first time I used them I could see the change. I used about half a box of CUTICURA Ointment, and not one half cake of CUTICURA SOAP, and at the end of one short week my baby was entirely cured. There has never been a trace of it since. To-day his skin is as smooth and soft as a piece of silk."

Another remarkable instance of the effectiveness of the Cuticura remedies is found in the terrible experience of the baby daughter of Mr. R. A. Lapham, 111 1/2 West Side Square, Springfield, Ill. Mr. Lapham writes as follows:—

"Our little daughter was troubled from her birth with eczema. Her face, arms, hands, and neck would break out with red pimples which would swell and become terribly inflamed, water would ooze out like great beads of perspiration, finally this would dry up and the skin would crack and peel off. She suffered terribly. I had to take her to the doctor, but he used his medicine to no purpose. I did not know what to do with her. She cried all the time and her face was equal to a raw piece of meat. It was horrible, and looked as if there never was any skin on it. I had to carry her around on a pillow. I was fairly discouraged. I was then recommended to use CUTICURA remedies. The first time I used them I could see the change. I used about half a box of CUTICURA Ointment, and not one half cake of CUTICURA SOAP, and at the end of one short week my baby was entirely cured. There has never been a trace of it since. To-day her skin is as smooth and soft as a piece of silk."

In a few forceful words, Mrs. C. Brand of Conesville, N. Y., vividly portrays an experience common to many mothers, and her letter, which follows, is full of comfort and encouragement for anxious parents:—
"Two years ago this winter my boy began to break out with a scaly rash. It nearly covered his back and calves of legs. I heard glowing reports of CUTICURA remedies and thought to try them. Three cakes of CUTICURA SOAP, two boxes of CUTICURA Ointment, one bottle of CUTICURA RESOLVENT cured him. I think them wonderful remedies."

WOMEN OF THE UNITED STATES

Regard Peruna as Their Shield Against Catarrh, Coughs, Colds, Grip and Catarrhal Diseases.

MRS. BELVA A. LOCKWOOD, LATE CANDIDATE FOR THE PRESIDENCY.

Mrs. Belva Lockwood, the eminent barrister, of Washington, D. C., is the only woman who has ever been a candidate for the Presidency of the United States. She is the best known woman in America. As the pioneer of her sex in the legal profession she has gathered fame and fortune. In a letter to The Peruna Medicine Company, she says:

"I have used your Peruna both for myself and my mother, Mrs. Hannah J. Bennett, now in her 88th year, and I find it an invaluable remedy for cold, catarrh, hay fever and kindred diseases; also a good tonic for feeble and old people, or those run down, and with nerves unstrung."
Yours truly,
Belva A. Lockwood.

Catarrh may attack any organ of the body. Women are especially liable to catarrh of the pelvic organs. There are one hundred cases of catarrh of the pelvic organs to one of catarrh of the head. Most people think, because they have no catarrh of the head, they have no catarrh at all. This is a great mistake, and is the cause of many cases of sickness and death. "Health and Beauty" sent free to women only, by The Peruna Medicine Co., Columbus, Ohio.

The economy of the Cuticura treatment is shown by the letter of Mr. W. M. Nichell, of Lexington, Okl., who spent one thousand dollars with doctors, specialists, and medical colleges in a vain attempt to find relief for his little son. A friend recommended the use of the Cuticura remedies, and he gives the following account of the cure:—

"My son, when he was six weeks old, had a breaking out on the top of his head. It spread all over his head, and then his arms broke out from shoulder to wrist. Around his body and around his legs from his knees to his ankles, was a solid scab. My family doctor treated him for eighteen months, but no good was accomplished. I tried four more, and then a medical college in St. Louis six months. No good yet. Spent not less than a thousand dollars in money and time. Old Mr. Barney Clap insisted on my trying CUTICURA remedies, telling me he had a spell like my child's himself. By the time my wife had used the CUTICURA Ointment up, he began to improve and got so he could sleep soundly, and gave me and my wife some rest. Thank the Lord, he is now well, fat, hearty, and stout as any boy, after six long years of itching, crying, and worrying. CUTICURA remedies cured him."

Three children in one household suffering simultaneously from eczema. Such was the distressing condition of Mrs. Annie Ring of 515 East Thirtieth Street, New York City, who tells her experience in these words:—

"My second child got eczema when seven months old. Three months later my first child got it, and following him the last one, two years old, fell a victim. For twenty months they suffered fearful agony. Their whole bodies, especially their faces, were so sore and raw that the little ones were blind half the time. No words can describe the suffering of my second child, whose whole body was one bloody mass. He was constantly crying, could get no sleep, and he actually did not look human. I tried doctor after doctor, but none afforded the slightest relief. I decided to try CUTICURA. The first application brought relief, in each case, and after fourteen days' treatment with CUTICURA SOAP and CUTICURA Ointment, the worst case was cured, and the whole neighborhood is surprised at the wonderful effect of CUTICURA."

One of the most wonderful of cures is that of the little daughter of Mrs. G. A. Conrad of Lisbon, N. H., whose sufferings from eczema were so intense that her hands had to be tied to keep her from tearing her flesh. The mother writes:—

"When my little girl was six months old, she had eczema. We had used cold creams and all kinds of remedies, but nothing did her any good, in fact, she kept getting worse. I used to strap her hands up, and when I would dress her, I had to put her on the table, for I could not hold her. She would kick and scream, and, when she could, she would tear her face and arms almost to pieces. I used four boxes of CUTICURA Ointment, two cakes of CUTICURA SOAP, and the CUTICURA RESOLVENT, and she was cured, and I see no traces of the humor left. I can truthfully say that they have saved her life."

It will afford us pleasure to have parents whose little ones are afflicted with any form of skin, scalp, or blood humor, write to any one of the above addresses for porroboration of the facts given, and we have no doubt that such an appeal will elicit still stronger testimony regarding the wonderful curative properties of the CUTICURA remedies. The full set, for complete external and internal treatment, costs but \$1.25, and consists of CUTICURA SOAP (25c.), to cleanse the skin of crusts and scales and soften the thickened cuticle; CUTICURA Ointment (50c.), to instantly allay itching, irritation, and inflammation, and soothe and heal; and CUTICURA RESOLVENT (50c.), to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring skin, scalp, and blood humors, rashes, itching, and irritations, with loss of hair, when the best physicians, and all other remedies fail.

WOMEN IN TROUBLE.

The Approach of Motherhood is the Occasion of Much Anxiety to All.

Every woman dreads the ordeal through which she must pass in becoming a mother. The pain and suffering which is in store for her is a source of constant anxiety, fear and dread, to say nothing of the danger which the coming incident entails. The joyous anticipations with which she looks forward to baby's coming gives way to an indescribable dread of the ordeal when she fully realizes the critical and trying event which will soon approach and have to be endured.

Women should hail with delight a remedy which insures to them immunity from the pain, suffering and danger incidental to child-bearing. Such a remedy is now offered, and women need not fear longer the hour of childbirth. "Mother's Friend"—a scientific liniment—and if used before confinement, gently and surely prepares the body for the great requirements and changes it is undergoing, insures safety to both mother and child, and takes her through the event with comparative ease and comfort. This wonderful remedy is praised by every woman who has used it.

What woman is not interested in "Mother's Friend"? This wonderful remedy has been tested and its priceless value proven by the experience of thousands of happy mothers who have used it during the most critical period of woman's life—the approach and culmination of motherhood.

It has won their everlasting praise, for it gave them help and hope in their most trying hour and when most needed. Every woman may some day need "Mother's Friend." The little book, "Before Baby is Born," telling all about it, and when it should be used, will prove of great interest and benefit to all expectant mothers, and will be sent free to any address upon application to the Bradfield Regulator Company, Atlanta, Ga.

"I am indebted to One Minute Cough Cure for my health and life. It cured me of lung trouble following grippe." Thousands owe their lives to the prompt action of this never failing remedy. It cures coughs, colds, croup, bronchitis, pneumonia, grippe and throat and lung troubles. Its early use prevents consumption. It is the only harmless remedy that gives immediate results. W. T. Brooks.

J. I. Berry, Loganton, Pa., writes "I am willing to take my oath that I was cured of pneumonia entirely by the use of One Minute Cough Cure after doctors failed. It also cured my children of whooping cough." Quickly relieves and cures coughs, colds, croup, grippe and throat and lung troubles. Children all like it. Mothers endorse it. W. T. Brooks.

Lewis Duennis, Salem, Ind., says "Kodol Dyspepsia Cure did me more good than anything I ever took." It digests what you eat and can not help but cure dyspepsia and stomach troubles. W. T. Brooks.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle, and his life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Scott's Emulsion. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S.S.S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral. Valuable books mailed free by Swift Specific Company, Atlanta, Georgia.

August Flower.

"It is a surprising fact," says Prof. Hinton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomach and indigestion." Sample bottles free at J. A. Wilson's. Sold by all druggists in civilized countries.

ASK YOUR DOCTOR!

Ask your physician this question, "What is the one great remedy for consumption?" He will answer, "Cod-liver oil." Nine out of ten will answer the same way.

Yet when persons have consumption they loathe all fatty foods, yet fat is necessary for their recovery and they cannot take plain cod-liver oil. The plain oil disturbs the stomach and takes away the appetite. The disagreeable fishy odor and taste make it almost unendurable. What is to be done? This question was answered when we first made

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites. Although that was nearly twenty-five years ago, yet it stands alone today the one great remedy for all affections of the throat and lungs.

The bad taste and odor have been taken away, the oil itself has been partly digested, and the most sensitive stomach objects to it rarely. Not one in ten can take and digest the plain oil. Nine out of ten can take SCOTT'S EMULSION and digest it. That's why it cures so many cases of early consumption. Even in advanced cases it brings comfort and greatly prolongs life.
